

Harness the Power of Excel in ERP Cloud

Create, Download and Update Your Data from the Comfort of an Excel Spreadsheet

Imagine...

- A single Excel spreadsheet solution
- More time to review data to drive better decisions
- The ability to manipulate, upload, and download data in mass
- Quick response to requests or changes

- A secure and trusted integrated product
- Easy access to Oracle ERP data
- Empowering your teams with self-service capabilities

Streamline your tasks in Oracle Fusion Cloud ERP with simple yet powerful Excel-based solutions, achieving significant time and cost savings.

Transform the way you work with Oracle Fusion Cloud ERP, an out-of-the-box, single spreadsheet solution

Data is at the core of your business and without the right tools in place, you're at risk for inefficiencies, inaccuracies, and dependencies on other resources. There is a better way.

More4apps: The Best of Both Worlds

More4apps offers a secure, integrated connection to your live Oracle E-Business Suite or Oracle Fusion Cloud ERP data and ensures the accuracy of your data loading and analysis, all through an Excel interface. Single Spreadsheet = Game Changer

- Pre-validation checks
- Real time error messages
- Reuse templates on an ongoing basis
- Quickly upload mass volumes
- Follow existing Oracle security

Oracle Fusion Cloud ERP Customer Outcomes

- 31% improvement in reporting efficiency
- 23% reduction in legacy system costs
- 35% increase in staff productivity
- 30% increase in financial management efficiency & effectiveness

"The organization calculated that using the Wizards resulted in a 98% reduction in the time taken to complete the master data deactivation project compared to performing this task manually. They estimated that it saved 4 or 5 months over the period of the project."

- Scott Sherrin, an Oracle Fusion Cloud ERP Finance Project Manager from Brent London Borough Council

How does More4apps stack up against the competition?

Our solutions empower end users by providing ownership of the entire data loading process. No familiarity or training needed of data interface mechanisms, as More4apps products seamlessly connect and integrate with Oracle EBS and Oracle Fusion Cloud ERP.

Moving from Oracle E-Business Suite to Oracle Fusion Cloud ERP?

More4apps software integrates easily with your tech stack and processes so that it can be part of your ongoing journey of managing clean data while staying upgrade proof with Oracle Fusion Cloud ERP quarterly releases. With an intuitive Excel-based user interface and templates tailored to your use case, More4apps is simple to use and learn, allowing you to quickly import and export data from your

ERP system. To reduce risk, data validation always occurs before data is added to Oracle.

Fusion Cloud ERP		On-Prem ERPs			
Ø	Lower TCO	(!)	Higher TCO		
0	Automatic updates	(!)	Manual, error-prone maintenance		
	Less labor-intensive	(!)	Costly upgrades		
0	More flexible	(!)	Requires dedicated staff & space		
	Easily scalable	()	Limits business agility		
Ø	Faster deployment	(!)	Expensive hardware		
Ø	Better change control	!	Slow, expensive deployment		

Why More4apps?

More4apps has been a trusted Oracle partner for over 20 years. With 34,000 global users, they are a market leader in Oracle ERP spreadsheet loading tools. More4apps specializes in software products that have been designed to help Oracle end users upload and download data. More4apps strives to ensure its software is compatible with the latest versions of Microsoft and Oracle. The products are quick to install and easy to use. An experienced support team is available to assist with technical or functional issues relating to More4apps products or Oracle systems.
